

EjobIndia has been providing fully integrated Software Training & Placement Services to the fresh technical graduates of West Bengal since 2005.

Established **2005**

20 Years Ago

Recognized as the No.1 Fresher Placement Center in Kolkata, **EjobIndia** consistently achieves an impressive record of around 400 fresher placements every year. We are a trusted name among technical institutions (B.Tech, MCA, BCA) and software companies throughout West Bengal, with over 200 reputed software companies regularly recruiting freshers trained by us.

Our greatest strength lies in our unwavering dedication to helping students launch their careers in the IT industry. Over the past 20 years, this commitment has built a strong reputation for **EjobIndia**, with 80% of our students coming to us through references from friends and seniors who have successfully established their careers with our support.

EjobIndia's growth is entirely reference-driven — a testament to the trust and satisfaction of our students and alumni. With a strong network of over 15,000 alumni, we continue to thrive and remain resilient, even in the face of changing market dynamics, ensuring that we consistently deliver results for aspiring IT professionals.
